

AWARDS 2020 ON ADVANCE AND ENERGY MATERIALS

Sung-Ho Salk

Professor, Department of Physics, Pohang University of Science and Technology, South Korea, E-mail: salk@postech.ac.kr

Outstanding Researcher Award:

[Smart Materials](#) offers the chance to youthful specialists in the diverse field of Material Sciences. It is the most esteemed reward of the entire meeting and is labelled as logical help Achievement grant. The best researchers are chosen according to their research abstract and talk. This respect is seeing for members who will show their undertakings, strategies, and plans that have been executed to improve whole deal significance in [Material Science and Engineering](#). All the scientist, researchers who have brilliant information in the field of material science and nanotechnology with more than 20 years of experiences and 200+ publications can name for this honour. You can pick justifying the respect through on the web.

Best Discovery Award:

This honor handles for the individuals who have a totally new thoughts and information and new discoveries in the field of Materials science and Nanotechnology. For individuals who will show their strategies, knowledge, and plans as another revelation are selected themselves for this. You can pick justifying the honor through on the web.

Young Scientists Awards:

The conference offers Young Scientists Level Award for the imminent analysts, authorities who are seeking after their Master understudies and Ph.D. in [Materials Science](#) field and pros who investigate the association with the field of Materials Science and [Nanotechnology](#). The Best oral introduction among the youthful scientists will be picked by the advisory group and considered for this respect. You can pick justifying the honor through on the web.

Best Speaker Award:

This award grasp for Professors, Associate Professors, Lectures, Business persons who will show their tasks, methodologies, and plans that have been executed to improve long haul greatness in [Material Science and Engineering](#). All the Keynote speakers and Plenary Speaker those who have magnificent knowledge in the field of [material science](#) and [nanotechnology](#) with 15+ years of experience can nominate for this award. You can choose meriting the reward through online.

Best YRF Award:

Our gathering might want to give best stage to the

graduates of **Materials science**, to grow your knowledge by sharing your exploration information in the event. The Best YRF Award will be given to the most exceptional introduction displayed by a member who has enrolled under the understudy. On the off chance that you are youthful and dynamic researchers than you can join our gatherings to investigate new thought and research. You can choose meriting the award through on the web.

Best Poster Award:

Best Poster Competition is sorted out at Conference, to empower understudies, graduates and PhD Students of [Materials Science](#) to display their unique research. Every single acknowledged theoretical will be exhibited at the blurb sessions during the gathering. We aim to setting a platform for all the budding scientists and researchers to present their real-time work and share their views and aspects related to the theme of the conference. You can name somebody meriting the award through online.
