

## Graphene Nanotechnology 2020 | Conference Announcement

**Zhongfan Liu**

Director, Peking University & Beijing Graphene Institute China, E-mail: [zliu@pku.edu.cn](mailto:zliu@pku.edu.cn)

Eurosicon conference on Advanced Nanotechnology-2019 has been successfully taken part **on April 18-19, 2019 at Paris, France**. We should Specially thank to the Speakers, Delegates, Organizing Committee, Conference Staff, Ad-Sponsors, Media accomplices and a very special thanks to the Onsite organizer each and every person who made this International Conference **on Advanced Nanotechnology 2019** with the theme of **“Advancing the Future for Nanotechnology”** an Successfully Conference . Advanced Nanotechnology-2019 participants have gained required and advanced information in the field of Nanotechnology and their knowledge in this field is enhanced by the panel discussion and they can clear their doubts and share the knowledge and some participants sharing their research through video presentation These are the highlights of the conference and mainly focused on Future of Nano-electronics, Medical Nanotechnology, Material Science, Graphene and 2d Materials, Advanced Nanomaterial's, Cancer Nanotechnology ,Nanotechnology in fuel cells, Carbon technologies and many more

### Some of the proficient Organizing committee members for Advanced Nanotechnology conference 2019

**Alexander Seifalian** , CEO NanoRegMed Ltd, United Kingdom  
**Sergey Suchkov** , Director Sechenov University, Russia  
**Rocky C. Costello** , President R.C. Costello & Assoc. Inc, USA  
**Satyajit Patra** , Chair American International Medical University, West Indies  
**Bernhard Munzing** , Sales Director the Sixth Element (Changzhou) Materials Technology Co, Ltd, China  
**Lina L Sartinska**, Frantsevich Institute for Problems of Materials Science of NASU, Ukraine  
**Kimihisa Yamamoto** , Professor Tokyo Institute of Technology, Japan  
**Xu Chen**, Researcher University of the Rockies, USA  
**Jing Wang**, INSERM Researcher University of Montpellier, France  
**Henry M. Sobell**, Professor University of Rochester, USA  
**Riny Yolandha Parapat** , Lecturer Institute Technology of National, Itenas-Bandung, Indonesia  
**Jose Manuel de la Torre Ramirez** , Senior Researcher University of Jaen, Spain  
**Lijuan Qian** , Professor China Jiliang University, China

### Speakers for Advanced Nanotechnology-2020

**Bernhard Münzing**, the Sixth Element (Changzhou) Materials Technology Co. Ltd, China  
**Kimihisa Yamamoto**, Tokyo Institute of Technology, Japan  
**Riny Yolandha Parapat**, Institute Technology of National, Indonesia  
**Xu Chen**, University of the Rockies, USA  
**Ghassaq T Al Ubaidi**, Al Nahrain University, Iraq  
**D S Grewal**, Eternal University, Baru Sahib, Himachal Pradesh  
**Hassanloo Ghamar**, University of Zanjan, Iran  
**Henry M Sobell**, University of Rochester, USA  
**Lina L Sartinska**, Frantsevich Institute for Problems of Materials Science of NASU, Ukraine  
**Ali Asghar Rahmani Hosseinabadi**, Islamic Azad University, Iran  
**Hadi Nahal**, For Saleh Research Centre, Switzerland  
**All thanks to our Media partners also for associating with us**  
Scires Literature, conference locate, SCIDOC publishers, Health Magazine, MED tube, KC (kind conference)

### Note the Date for Our Upcoming Advanced Nanotechnology-2020!!

**Amsterdam, Netherlands, Feb-21&22, 2020**  
Followed by the Successful Completion of the **Advanced Nanotechnology 2019**, now next edition, we are continuing it with **“Euroscicon Conference on Advanced Nanotechnology in Amsterdam, Netherlands on Feb-21-22, 2020.**

The theme focused for the Advanced Nanotechnology 2020 is – **Current Innovations and Advancements in Nanotechnology**

Thank you for joining us at our Advanced Nanotechnology 2019 and hoping you all to take part again in 2 days conference on upcoming Advanced Nanotechnology-2020 and make this event a grand success.

This time we have introduced some new highlights for our Advanced Nanotechnology- 2020

| Nano Robotics | Future Nanotechnology| Bio Synthesis of Nano Particles | Nano Devices and Sensors | Quantum Dots | Nano Magnetism | Analytical Techniques | Nano Science & Technology | Materials Science and Engineering Physics | Bio MEMS/NEMS | Nano Materials synthesis and characterization| Electronics and Photonics | Graphene |

DNA Nanotechnology | Nano Medicine | Green Nanotechnology | Drug Delivery | Nanotechnology in Water Treatment | Nano Geo Science | Nanotechnology conference is a platform to meet the world wide scientific researchers at one place to collaborate to share their knowledge and present research work. Furthermore our Advanced Nanotechnology \_2020 mainly focused and made some changes like awards presentation for the speakers and you can check this in our website regarding Awards and eligibility persons can register for this. This event will join Nanotechnology Researcher, Directors, Professors, Students from the insightful world and experts in the field of Nano. Advanced Nanotechnology -2020 Event is expecting more than 150+ Participants to enlighten the program. This time the Conference will organize several Oral and Poster Presentations/Networking Sessions/Workshops/Symposiums/Exhibition as we have introduced several new tracks to bring in more participants

**We are looking forward for Advanced Nanotechnology-2020 to be successful just as the Advanced Nanotechnology -2019 we hope you take part in this and join us at Amsterdam on feb-21&22 for the Conference!**
